CLD625

Fiber optic cable - Toslink - Toslink

Highlights:

- Fiber optic technology
- Flexible PVC jacket
- Fluorinated polymer clad
- 0.16 " (Ø) outer diameter
- 0.98 mm (Ø) PMMA Optical fiber

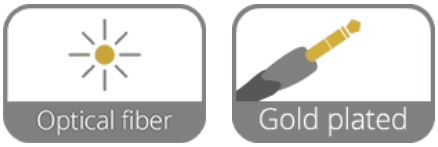
Product information:

The CLD625 is a fiber optic cable that is terminated with a Toslink connector on both ends and can be used for a large range of professional digital audio equipment devices. Connecting into two female sockets, this cable conveniently and effectively transmits digital audio data clearly without the interference you might receive from electrical cables. The CLD625 is compatible with all popular formats of optical audio transfer.

Components:

- CableType: COP15 - Fiber Optic Cable

Properties:



Product Features:
