

## 6.3 mm Jack male mono - Jack male mono - VCJ2MX connector

### Product information:

---

The CAB601 is a mono jack cable constructed using the MC305 cable and fitted with two mono jack connectors. The 24 AWG (0.23 mm<sup>2</sup>) thin & dense stranded bare copper conductors are surrounded by a high coverage bare copper spiral shielding. The flexible jacket made of PVC and is easy to handle. It comes in lengths of 3 meters to 10 meters, providing solutions for all applications.

### Components:

---

- CableType: MC305 - Balanced microphone cable - flex 2 x 0.23 mm<sup>2</sup>- 24 AWG
- Connector: VCJ2MX - Cable connector - 6.3 mm Jack male

### Product Features:

---

Application	AV & IT
	Rental & MI
Series	Basic Series
