

Product information:

The CRP244 is an optional center plate which can be assembled to the professional CDM310 cable reel. It contains four pre-wired power sockets with hinged lids, providing a fast and reliable power solution with IP54 protection. The CRP244 comes available in two versions with French (CRP244F) and German (CRP244G) type power sockets. Please look for your local regulation to know which type of connector is allowed in your territory.
