- Slim connector design

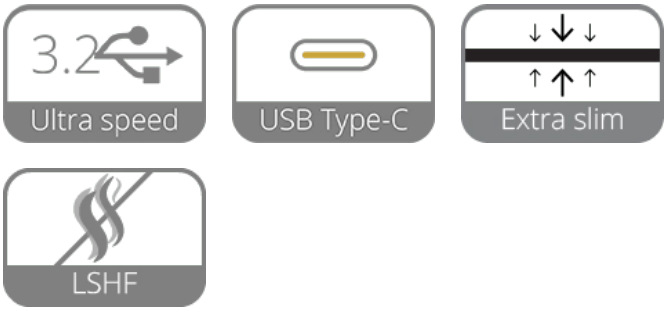

Product information:

The CSD620 is a Slimline USB Type-C to USB Type-C connection cable, connecting USB 3.2 Gen 2 (up to 20 Gbps) compatible devices with each other. The triple-shielded cable with a super slim design of only Ø 5.0 mm offers a clean solution for desktop use and patch connections. This cable is equipped with an E-marker chipset and can be used for data transfer as well as charging USB Type-C devices with power delivery up to 100W (20V/5A) or 60W (20V/3A) depending on the length. The cable is fully backwards compatible with USB 2.0 devices.

Properties:

Product Features:

Application	AV & IT
Series	Connect Series
