HDM800

HDMI crimping tool

Product information:

This is the essential tool for the PROCAB Contractor series. Its quality craftmanship allows anyone to install custom length HDMI in a matter of minutes. This tool attaches the HDMI cable permanently to its connector and cuts off excess wiring. The guiding jigs included in the CTV100 kit are needed to complete this installation.

The HDM800 is packed in a blister package and comes included with one metal guiding jig (HDM865).

Product Features:

Application	AV & IT
