# PROMO6A-CMC224

Sample pack CMC224

## Product information:

1 meter sample pack of the CMC224. The CMC224 is a high quality microphone cables featuring a Flamoflex™ outer jacket compliant to the IEC 60332-1 standard regarding fire and flammability resistance in public installations. The Flamoflex™ material is specifically designed with installers convenience in mind, offering a smooth and durable outer jacket for easy installation and pulling. This cable features a 24 AWG twisted pair with shielding. The CMC224 consists of stranded conductors with braided shielding and drain wire, which offers a higher flexibility. This cable features a highly effective shielding with excellent immunity against noise and interference caused by external devices. The tinned copper conductor material significantly improves the corrosion and oxidation resistance of the cable, allowing it to be used indoors as well as in outside, in humid or marine environments.
