

## Highlights:

---

- EN50399 CPR Euroclass Cca-sib,d1,a1
- 24 AWG (0.20 mm<sup>2</sup>) thin and dense stranded conductors
- Individual foil shielding with drain wire

## Product information:

---

1 meter sample pack of the CMC224-CCA.

The CMC224-Cca is a high quality installation microphone cable compliant to the Cca standards of the Construction Product Regulation (CPR) regarding fire and flammability resistance in fixed installations, minimizing toxic smokes and providing optimal resistance to spreading fire.

In addition to its improved fire properties, the outer jacket of the cabling is smooth and durable for easy installation and pulling. It consists of stranded conductors with an aluminum foil shielding and drain wire, which guarantees a high installers convenience. The highly effective shielding guarantees an excellent immunity against noise and interference caused by external devices. The stranding keeps the cable flexible and easy to handle.
