

## PROMO6A-SIG58 Sample pack SIG58

## Product information:

1 meter sample pack of the SIG58. The SIG series cables are high quality signal cables for indoor, fixed or mobile applications. They have a PVC jacket and are very easy to handle. The inner conductors are fitted with a durable shielding. This gives an excellent protection against interference of all kinds such as electromagnetic fields produced by dimmers, electric motors or power cables. The SIG series cables are "all-round" signal cables which are suited for all kinds of applications where reliable signal transmission is needed.

## **Product Features:**

Application AV & IT Rental & MI Series Bulk & Accessories
