PROMO6D-PCT60SF

Sample pack PCT60SF

Product information:

1 meter sample pack of the PCT60SF, which is a CAT6A networking cable specifically designed for the growing number of digital applications in the professional AV industry. Unlike any other CAT6A cable available on the market, the PCT60SF features Duraflex™ outer jacket constructed using a double-extrusion technique with a polyurethane outer and PVC inner jacket.

The polyurethane outer jacket offers excellent resistance against mechanical wear due to pulling, bending, cracking and UV exposure, while the PVC inner jacket keeps it easy to handle. The conductor section consists of 4 individually shielded pairs of stranded 24 AWG conductors which guarantee optimal signal transmission while the combination of individual aluminum foil shielding surrounded by a tinned copper wire braiding offers high immunity to noise and interference caused by external devices. The PCT60SF supports 10Base-T, 100Base-TX, 1000Base-T and 10GBase-T gigabit networks.

Product Features:

Application	AV & IT
	Rental & MI
Series	Bulk & Accessories
